Subject: DRAFT Internal Review team Charge and Preliminary Trip Plans
EPA Gold King Mine Internal Review Team 08142015 Nitin Barry Stacy OGC Edits.docx

Folks,

Please do not distribute this. I am forwarding the Draft Team Charge for our upcoming Trip to Durango. I plan on flying into Durango Sunday evening and renting a four wheel drive. I talked with the Region and they suggested staying at the Best Western, if available. In terms of agenda, I hope we can go to the site Monday morning and talk with the site personnel Monday afternoon/Tuesday morning. The point of this trip is to find out what happened, identify lessons learned and come up with some recommendations for the future. I am sorry for not sending stuff out sooner but, I will as soon as I get additional information. Thanks!

Shahid Mahmud
